

The AACCES Civic Excellence (ACE) Award 2026

Overview of the ACE Award:

The AACCES Civic Excellence (ACE) Award was established to recognize students who demonstrate civic excellence by using their voices and talents to create cultural, economic, educational, and positive societal impact in their schools as well as the broader community.

We marvel at the ability of students who effortlessly navigate our ever-changing world with excellence, intention, courage, and civility. In a word, the young person who receives this award is an ACE.

As our society increasingly promotes division, our ACE Award recipient is someone who possesses an ability to perpetually demonstrate the power of community - realizing that no one reaches their true potential alone!

This student represents the best of us - Excellence in every way! He or She navigates the world in a way that celebrates our culture and embraces the fuller tapestry of which we are undeniably a part of.

We often talk about our youth in the context of becoming future leaders. The ACE recipient is a 'right-now' leader.
