

**Kevin Jenkins** is a chemical engineer with more than 30 years of experience working on DOE (Department of Energy) nuclear projects. He is presently employed with the Flowsheet Integration Group of Hanford Waste Treatment and Immobilization Plant. The Hanford Vit Plant is a first-of-a-kind project of immense scale and complexity. It will eliminate the environmental threat posed by 56 million gallons of nuclear waste currently stored at the Hanford Site in Washington state.

Kevin possesses a Master of Science in Chemical Engineering from the University of Louisville and a Master of Business Administration from the University of South Carolina.

He is happily married to Ashley, for 32 years, and has a son, Chandler, who is also pursuing a STEM career.
